SUMMARY

Senior Product Designer with 8+ years in B2B SaaS, fintech and data-heavy products. I lead UX/UI for syniotec’s construction and rental platforms, used by STRABAG, Kurt König and HOCH, and own the work from research to design QA. Finance background; I prototype and ship with code and AI tools.

EXPERIENCE

Senior User Experience Designer · syniotec	JUL 2021 – PRESENT
- Lead UX/UI for a B2B SaaS suite (SAM, RAM) and its iOS/Android field apps, with 2 PMs and 4 developers. - Built the design system — tokens, components, states — that unifies 6 modules and 8 object types. - Redesigned rental handover and planning: unbilled hours now bill, and machine condition is signed on site. - Ran field research with dispatchers; moved shift, transport and workshop entry from office to mobile. - Designed AI-read handover reports and overuse alerts.	
UX/UI Designer · Freelance	FEB 2018 – PRESENT
SEU University — design lead for the website, student portal and staff registry console. Deutsche Bank, Barclays, VEON — chart systems and dashboards for analysts. IOKA, Miniso, Opla, Tichera — real-estate search, e-commerce, delivery apps, marketplaces.	
UX Consultant · Halyk Bank Georgia	APR 2020 – OCT 2021
- Designed mobile onboarding with state-registry checks: a clear next step for all seven outcomes. - Designed the open-banking consent portal and online deposit opening. - Created the bank’s design system; ran usability tests with retail customers.	
Senior UX Designer · LTD YIC, Amsterdam — information architecture	MAR 2021 – DEC 2021
User Experience Designer · Mult Georgia — multi-vendor marketplace	MAR 2020 – AUG 2021
User Experience Designer · Marketcolor, London — data visualization	FEB 2020 – NOV 2020
Earlier career · Financial Analyst, Project Manager	2015 – 2019
