Portfolio: khomeriki.design | LinkedIn: linkedin.com/in/nodari-khomeriki | Dribbble: dribbble.com/SimpleVibes

SUMMARY

Senior Product Designer with 8+ years designing B2B SaaS platforms, banking products and data-heavy interfaces for teams in Bremen, London, Amsterdam, Almaty, Dubai and Tbilisi. Currently leading UX/UI for syniotec's construction and equipment-rental platforms (web and iOS/Android) used by firms including STRABAG, Kurt König and HOCH. Owns work end to end: user research, information architecture, interaction design, prototyping, design systems and design QA with engineering. A finance background (MSc Banking & Finance, ACCA F1-F3) makes fintech and analytics products familiar ground, and hands-on front-end and AI-assisted building (Claude, Claude Code) closes the gap between design and the shipped product. 32 shipped products; 45 certifications including the Google AI Professional Certificate.

CORE SKILLS

Product & UX: Product Design, UX Design, UI Design, Interaction Design, User Research, Usability Testing, Field Research, Personas, User Journeys, User Flows, Information Architecture, Wireframing, Prototyping, Design QA, Accessibility (WCAG)

Domains: B2B SaaS, Construction Tech, Equipment Rental, Fintech, Retail & Mobile Banking, Open Banking, Onboarding & KYC, EdTech, E-commerce, Marketplaces, AI Product Interfaces

Tools & Build: Figma, HTML, CSS, JavaScript, GSAP, Claude, Claude Code, Model Context Protocol (MCP), AI image and video generation (Kling)

Ways of working: Cross-functional collaboration with PMs and developers, Stakeholder Management, Workshop Facilitation, Design Ops, Leading and reviewing UI designers

PROFESSIONAL EXPERIENCE

Senior User Experience Designer

Jul 2021 – Present

syniotec · Full-time · Tbilisi, Georgia (product used across Germany and Europe)

- Lead UX/UI design for a B2B SaaS suite for construction and equipment-rental companies: SAM (asset and resource management), RAM (rental management) and their iOS/Android field apps, working with 2 product managers and 4 developers.
- Built and maintain the design system (design tokens, components, documented states) that keeps 6 modules and 8 object types consistent across desktop and mobile.
- Designed planning board, dispatch, workshop, invoicing and machine-handover flows for customers including STRABAG, Kurt König and HOCH; rental hours that were previously invisible became billable, and handover condition is now signed and recorded.
- Designed AI-assisted features: AI-read handover reports and overuse alerts in the rental platform.
- Ran field research with dispatchers and site managers; moved shift, transport and workshop data entry onto site through the mobile apps, so the platform is current when it matters instead of hours behind.
- Designed data visualization for utilization, availability and scheduling (calendar, map and planning-board views).

UX/UI Designer (Freelance)

Feb 2018 – Present

Independent · Tbilisi, Georgia · Remote clients in the UK, UAE and Georgia

- **SEU – Georgian National University (Design Lead, 2024–2025):** led the public website and designed the student portal and staff registry console, where admissions, registrar, quality assurance, HR, finance and library teams edit one shared student record through one navigation model.
- **Deutsche Bank, Barclays, VEON (data visualization):** designed chart systems and dashboard views for financial analysts, a self-service charting tool for bank employees, and a chart and table component set for a 7-market telecom group.
- **IOKA (Dubai real-estate portal, 2025):** designed search around buyer intent (off-plan, resale, rental) so one catalogue serves both home buyers and investors.
- **Mobile and e-commerce:** courier and in-store picking apps (Opla), Miniso Georgia, Mult Georgia marketplace, Assorti, Home Market tablet app, 11 Corners tour marketplace (1,200 tours), Tichera tutoring marketplace, Meetsland dating platform, Neuro Pilot mental-health app.

- Design, build and ship AI-assisted products end to end (web apps, SaaS tools, games) with Claude and Claude Code; 26 builds documented at khomeiriki.design/lab.

Senior UX Designer

Mar 2021 – Dec 2021

LTD YIC · Contract · Amsterdam, Netherlands

- Researched user behavior and troubleshoot problem flows; planned layouts and navigation structure.
- Produced mood boards, wireframes, interactive prototypes and visual mockups through to handoff.

UX Consultant

Apr 2020 – Oct 2021

Halyk Bank Georgia · Contract · Tbilisi, Georgia

- Designed retail banking journeys for internet and mobile banking: balances, transfers, cards, payments and online deposit opening (product comparison moved ahead of the form).
- Designed mobile app onboarding integrated with state-registry and bank-record checks: three fields and an SMS for the standard case, and a named next step for each of seven outcome paths instead of error codes.
- Designed the open-banking consent portal, letting customers grant third-party access by scope, account and currency.
- Created the design system and documented component states for the bank's teams; designed the Visa/Mastercard card family and self-service terminal (ATM) interfaces; ran usability testing with retail customers.

User Experience Designer

Mar 2020 – Aug 2021

LTD Mult Georgia · Full-time · Tbilisi, Georgia

- Designed a multi-vendor marketplace (groceries to electronics) with one filter rail, one card grammar and a product page that adapts to the category.
- Wrote product specifications, built personas from research and data, defined interaction models and measured their success.

User Experience Designer

Feb 2020 – Nov 2020

LTD Marketcolor · Full-time · London, United Kingdom

- Data visualization, UI and interaction design, prototyping, micro-animations and web design for a technical content agency serving finance, life sciences and technology clients.

Earlier Career – Finance & Operations

Sep 2015 – Jan 2019

- **Monitoring Specialist**, LTD "Ori Nabiji", Tbilisi (May 2018 – Jan 2019): internal control, inventory and balance monitoring across a national retail network.
- **Financial Analyst**, LTD GDG, Tbilisi (Feb 2016 – Jul 2016): marketing-campaign effectiveness and strategy planning with company leadership.
- **Project Manager**, LTD Smartcompany, Tbilisi (Sep 2015 – Feb 2016): distribution network, salary and bonus plans, hiring and training, sales growth.
